

Monze Play Park

A project to explore disabilities and the effects on children in Zambia.

These are some of the things we are hoping to fund within the Play-Park in order to make the area safe and enjoyable for disabled and able-bodied children to experience together. With your help Health Help International can make it happen and we hope that you too can enjoy learning about the Zambian way of life and the problems facing some of the children whom we aim to help within town of Monze, Southern Province.

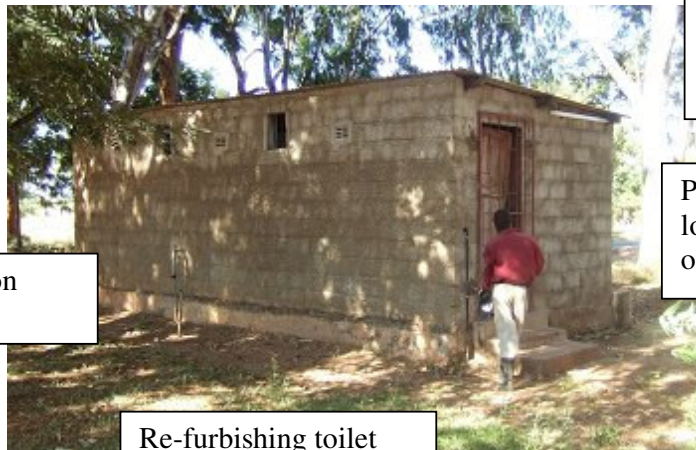

Adding brickwork to existing round house £116.

Re-roofing round house with roof grass ...£140.

Water irrigation pipe ...£128.
