Use the 100 grid to read and say the numbers, as well as see the patterns.

You can use the grid to help you do add and subtract sums eg

$$5 + 3 \qquad 8 - 3$$

$$45 + 3 \qquad 48 - 3$$

$$64 + 10 \qquad 74 - 10$$

$$54 + 9 \qquad 100 - 21$$

100 grid developed by Tom Renwick at Maths on Track

5-14 maths support (P1 - S2) for

*local authorities and their schools
schools and their teachers
parents and their children*
